

[illegible]

The floor plan illustrates the layout of the 'Kaufhaus der Kunst' exhibition. The space is divided into numerous booths, each representing a different artist or brand. The booths are arranged in a grid-like fashion, with some larger booths and some smaller ones. The plan also shows the location of the entrance, exit, and various service areas like the bar and information desk. The booths are labeled with numbers and the names of the artists or companies they represent.
